Aflac gives you something to smile about

Dental health is about more than a beautiful smile. Good oral care might actually improve your overall health, while problems with oral care might have a negative effect.

Dental care is important, but it can also be expensive – even cleaning and x-rays can sometimes strain your budget. If a checkup reveals more serious issues, the cost can quickly become overwhelming. Dental coverage from Aflac helps give you the peace of mind that comes from knowing you'll have assistance with both routine and unexpected dental expenses.

Why choose Aflac dental insurance?

With Aflac, you have access to more than 270,000 in-network dental providers.¹ Or, you may select an out-of-network dentist. Consider, however, that out-of-network costs (if any) will generally be more than if treatment is performed by an in-network provider. Services provided out of network will be paid based on the price of usual, customary and reasonable services in the area in which they are rendered.

MAXIMUM CARRYOVER BENEFIT Members may build up an additional \$1,000 towards their annual maximum benefit. Those carryover benefits may be used for any covered dental procedures.	This benefit allows insured plan members to carryover \$250 each calendar year, if: 1. An insured submits at least one qualifying claim for Class A dental expenses incurred during the calendar year, and/or 2. At least one qualifying claim for any other Class dental expense in excess of applicable deductible or co-pay fees, and 3. The total benefit amount paid stays below \$500 for that calendar year.

If you have dental coverage under more than one plan, your benefits may be coordinated. Please see certificate for details. Benefits and/or premiums may vary based on the state and benefit option selected. The plan has limitations and exclusions that may affect benefits payable. Refer to the policy and certificate for complete benefit details, definitions, limitations and exclusions. This brochure is a brief description of coverage and is not a contract. Read your certificate carefully for exact terms and conditions as well as a complete list of the schedule of dental procedures payable under the plan.

TERMS YOU NEED TO KNOW

Allowable charge (ac): when a participating provider performs a covered procedure, the allowable charge is determined to be the lesser of: (a) the actual dental charge; or (b) the amount that the dentist has agreed with us to accept as payment in full for a dental service. Unless the policyholder has selected an in-network only plan, when a non-participating provider performs a covered procedure, the allowable charge is determined to be the lesser of: (a) the actual dental charge; or (b) the “customary charge” for the dental service. We determine the “customary charge” from within the range of charges made for the same service by other providers of similar training or experience in that general geographic area.

Covered dental injury: an injury to a sound natural tooth, sustained while the insured person is insured under the plan, and which is caused solely by a sudden violent act or accident which could not be predicted in advance or avoided.

Covered procedure: means the procedures listed in the Schedule of Covered Procedures. The procedure must be: (1) for necessary dental treatments to an insured person while their coverage under the plan is in force and (2) for treatment, which in our opinion has a reasonably favorable prognosis for the patient. The procedure must be performed by a:

- licensed dentist who is acting within the scope of his license; or
- licensed dental hygienist acting under the supervision and direction of a dentist, if required.

Deductible: the deductible is the amount of the maximum reimbursement which must be paid in full by you each plan year (or lifetime, when applicable) for each insured person (or to the maximum per family limit, when applicable) who incurs a covered procedure before any benefits are payable. The deductible is applied chronologically according to the dates on which the covered procedures on a claim were completed. The amount of the deductible is shown in the deductible section of the Schedule of Benefits.

Eligible dependent: someone who is residing in the United States and who is:

- Your legally married spouse or lawful domestic partner; or
- Your or your spouse's natural child, stepchild, legally adopted child, child in your custodial care pursuant to a court order, a child for whom you are required by court or administrative order to provide dental coverage, or child for whom you have been appointed as legal guardian, who is under age 26.

Refer to your certificate for details.

Functioning natural tooth: a natural tooth which is performing its normal role in the mastication (i.e., chewing) process in the insured person's upper or lower arch and which is opposed in the person's other arch by another natural tooth or prosthetic (i.e., artificial) replacement. Third molars are not considered functioning natural teeth for purposes of the plan.

In-network benefits: dental benefits provided under the certificate for covered procedures that are provided by a participating provider. We recommend that you verify the provider's participation status in the network.

Non-participating provider: a dentist who is not a participating provider. These dentists have not entered into an agreement with us to limit their charges.

Out-of-network benefits: dental benefits provided under the certificate for covered procedures that are not provided by a participating provider. An in-network only plan does not provide these benefits, except for emergency treatment with a covered procedure or a covered procedure performed in a limited access area.

Participating provider: a dentist who has been selected by the administrator for inclusion in the participating provider program. These participating providers agree to accept the participating provider maximum allowed charges as payment in full for services rendered. When dental care is given by participating providers, the insured person will generally incur less out-of-pocket cost for services rendered.

TERMS YOU NEED TO KNOW

EFFECTIVE DATE PROVISIONS

Eligible members and eligible dependents

Coverage takes effect on the certificate effective date shown on your ID card.

Additional dependents

The effective date of any newly acquired eligible dependent will be governed by the same rules as described above under the heading “eligible members and eligible dependents.” You must first complete, sign and submit to us a new enrollment form for all your additional dependents, including newborn children, and submit the additional premium, if any. However, newborn children will be covered for the first 90 days following their birth. To continue coverage beyond that 90-day period, you must notify us in writing of the child’s date of birth at any time during the 90-day period.

Other stipulations may apply. See your certificate for details.

TERMINATION PROVISIONS

Insured members

All of your insurance under the policy will terminate at 11:59 p.m. at the main office of the policyholder on the earliest of the following dates:

- The date the policy terminates;
- The last day of the month in which you cease to be an eligible member;
- The date you die; or
- On any premium due date, when full payment for insurance is not made within the grace period.

If an event that is described above occurs, written notice must be provided to us, by you or the policyholder, within 31 days of such event.

Insured dependents

Your dependent’s insurance under the policy will terminate at 11:59 p.m. at the main office of the policyholder on the earliest of the following dates:

- The date the policy terminates;
- The last day of the month in which you cease to be an eligible member;
- The date the insured dependent ceases to be an eligible dependent;
- The date you die;
- The date the insured dependent dies;
- On any premium due date, when full payment for insurance is not made within the grace period; or
- The date we receive your request to terminate dependent coverage subject to any limitation imposed by the policyholder.

If an event that is described above occurs, written notice must be provided to us, by you or the policyholder, within 31 days of such event.

Notice required when your coverage terminates

We must be informed promptly, by you or the policyholder, when your status as an eligible member terminates for any reason. Failure to provide timely notice will not continue your insurance past the time it would have otherwise ended as provided above.

In the event premiums have been paid to us on your behalf after your coverage should have terminated, we will refund the premium for the period for which premiums were paid in error up to a maximum of three policy months or to the last policy anniversary, whichever is less. If we are not notified that your coverage is terminated and we pay any benefits for your covered procedures incurred after the date your coverage terminated, the full amount of those benefits will be considered an overpayment which must be repaid to us.

Other stipulations may apply. See your certificate for details.

LIMITATIONS AND EXCLUSIONS

Benefits are payable only for the replacement of those teeth which were extracted while the person was insured under the policy;
