Plan Highlights

- Freedom of choice (Choose any dentist)
- Personal ownership
- Benefits paid regardless of any other insurance
- No deductible
- No precertification
- Easy to understand

Before your dentist sends your next appointment reminder, apply for a plan that may help pay for the visit!

After all, you are going to the dentist for routine and preventive care, so why not have a dental plan that pays directly toward those periodic checkups and cleanings—in a fast and painless way. A thorough examination, including X-rays, is all it usually takes to diagnose a problem.

If you've been going to the dentist regularly (or need an incentive to begin), the Aflac Dental Insurance – Supplemental Plan offers some of the finest in easy-to-understand, choice-based coverage. Here's what we mean:

You know what you're getting.

The plan spells out the benefits for both wellness and other diagnostic/treatment services. There are no gray areas. Each covered procedure has a specific benefit amount with a specific waiting period.

There's no deductible.

Our benefits are not reduced by a plan deductible.

You choose your dentist.

Virtually all managed-care plans require you to use only dentists in their approved network. Aflac gives you total freedom to choose your own dentist without restriction.

We pay benefits regardless of any other plan.

Aflac pays full policy benefits, period! It doesn't matter if you have other dental or medical coverage that may overlap. Plus, Aflac has a long history of prompt claims payment.

Aflac's Dental Wellness Benefit doesn't count toward your plan maximum.

Routine visits don't impact your total benefits by one penny.

You own the plan.

Even if you apply at work and then change jobs or retire, you can still keep the same benefits and premium rate you had as an employee.

Your ability to renew is guaranteed.

You can't be removed from the plan for any reason except failure to pay the premium.

The policy has rate stability.

Since our policy is schedule-based (pays a set benefit for each service or procedure), it is less sensitive to general price increases. In other words, an increase in dental charges will not automatically trigger a rise in rates.

No precertification is required.

You and your dentist decide what treatment is best for you. If it's on the schedule, you don't need anyone's permission.

Plus, these optional riders are available (through payroll deduction only):

- Orthodontic
- Cosmetic

These riders may not be available in your state. Please check with your Aflac insurance agent/producer for availability.

Brush up on all the details. Read the accompanying Schedule of Dental Procedures for an overview of Aflac Dental Insurance – Supplemental Plan benefits and exclusions.

Benefits and/or premiums may vary based on state and benefit option selected. The policy/riders have limitations, exclusions and pre-existing condition limitations that may affect benefits payable. The policy contains a waiting period. Riders are available for an additional cost. This brochure is for illustrative purposes only. Refer to the policy/riders for complete benefit details, definitions, limitations and exclusions.
